

# 11th IEEE International Conference on Consumer Technology (ICCE-Berlin 2021)

*"The Place Where Visions Start, the Place Where Visions Materialize!"*

15-18 November 2021 // virtually in Berlin, Germany

## CALL FOR PAPERS AND PROPOSALS

The IEEE Consumer Electronics Society is soliciting technical papers for oral and poster presentations at their 11th annual conference, IEEE International Conference on Consumer Electronics (ICCE). ICCE Berlin is the established forum for innovative research in all areas of consumer electronics and is celebrated as the same time as the International Trade Show on Consumer Electronics (IFA).

IEEE & IEEE Consumer Electronics Society are actively monitoring the SARS-CoV-19 situation to ensure the safety, comfort and quality of experience for attendees and a successful course of the IEEE ICCE-Berlin 2021 Conference. Hence, this edition will be held in an **interactive live online mode**.

Paper contributions are sought in but are not limited to following areas:

1) Security and Privacy of CE Hardware and Software Systems	2) Consumer Power and Energy
3) Application-Specific CE for Smart Cities and 5G	4) RF, Wireless, and Network Technologies
5) Internet of Things, Internet of Everywhere, and Edge Computing	6) Virtual Reality, Augmented Reality and Displays
7) Audio/Video Systems and Signal Processing	8) Automotive CE Applications
9) Sensors and Actuator Systems	10) Consumer Systems for Healthcare and Wellbeing
11) Human-Machine Interaction and User Experience	12) Smartphone and Mobile Device Technologies
13) Machine Learning, Deep Learning and AI in CE	14) Entertainment and Gaming

In addition to oral and poster sessions based on the above tracks, ICCE Berlin 2021 will have many special sessions on current hot topics related to CE. It will feature a students and young professionals research forum as an integral part. The organizing committee invites proposals for special sessions, industry tracks, and expert panels. These proposals as well as the research forum papers can be submitted at the EDAS link below.

Authors are invited to submit original, unpublished manuscripts of 2- to 6-page length with a 200-word abstract at <https://edas.info/newPaper.php?c=28766> using double-column IEEE conference-format template and according to the instructions for authors tab on the conference website. Previously published papers or papers under review for other conferences/journals should not be submitted for consideration.

All accepted papers (including regular, special session and research forum ones) will be published in the ICCE Berlin 2021 Digest or Proceedings and submitted to IEEEExplore. A selected set of papers from ICCE Berlin 2021 program will be invited for re-submission to special issues of peer-reviewed journals (e.g. IEEE CE Magazine) based on reviewer's feedback and quality of conference presentation.

All matters related to submission, review process, publication and indexing (proceedings will be submitted to IEEEExplore like in all previous editions) remain unchanged anyway.

### ORGANIZING COMMITTEE

#### Executive Chair

Lucio Ciabattoni (ITA)

#### Technical Program Chairs

Hiroyuki Sato (JAP)  
Thomas Schumann (CEA)  
Alessandro Tonacci (ITA)

#### Tutorials Chair

Isabel M. Moreno-Garcia (ES)

#### Industry Program Chair

Danilo Pietro Pau (ITA)

#### Workshops Chair

Pham The Bao (VN)

#### Publications Chair

Bernard Fong (CEA)

#### Executive Co-Chair

Gordana Velikic (SRB)

#### Finance Chair

Francisco Bellido Outeiriño Kiko (ES)

#### Executive Co-Chair, Web Activities

Alex De Cesare, Revolt Srl (ITA)

#### CESoc President

Wahab Almuhtadi (Canada)

#### CESoc VP Conferences

Raed Abdullah (Canada)

#### CESoc Treasurer

Branislav Djokic (Canada)

#### CESoc Administrator

Charlotte Kobert (USA)

### IMPORTANT DATES

Paper Submission	Sep. 7 <sup>th</sup> 2021
Paper Acceptance	Oct. 15 <sup>th</sup> 2021
Camera Ready Paper	Nov. 5 <sup>th</sup> 2021
Presentation Ready	Nov. 5 <sup>th</sup> 2021

Full details available at
